Who Am I?

Hello! I'm Adarsh, and I am a passionate Computer Science student with a profound interest in leveraging technology to solve real-world problems and drive innovation. Motivated by curiosity and a drive for continuous learning, I actively seek opportunities to expand my knowledge and skills in various areas of computer science.

My Learning Path

Qualification	Year
DPS, Gaya	2020/td>
Shri Chaitanya	2022
VIT Vellore	2022-2026

Technical Skills

- Proficient in programming languages such as Python, Java, and C++.
- Experienced in web development using HTML, CSS, JavaScript, and frameworks like React.
- Familiarity with database management systems like MySQL and MongoDB.
- Strong understanding of data structures, algorithms, and object-oriented programming principles.

Social Skills

- Active Listening: I believe in the importance of actively listening to my teammates' ideas, concerns, and feedback. By understanding their perspectives, I ensure that our team operates cohesively towards common goals.
- Clarity and Transparency: I communicate ideas and updates clearly and transparently, ensuring that everyone on the team is on the same page regarding project objectives, timelines, and expectations.

- Constructive Feedback: I provide constructive feedback in a respectful and supportive manner, fostering an environment where team members feel empowered to share their thoughts and ideas openly.
- Teamwork and Support: I actively contribute to team discussions, brainstorming sessions, and decision-making processes, supporting my teammates and fostering a culture of collaboration and mutual respect.
- Analytical Thinking: I approach challenges with a logical and analytical mindset, breaking down complex problems into manageable components and exploring creative solutions.
- Detail Oriented

My Projects

1. Amazon Clone
2. Cloth's Website
